**community, connection,
support and a sense of
belonging.**

Barkuma's services are designed to enable our Elders to live independently within their own home by offering support and assistance in a culturally appropriate environment. Our regular social group offers support, lunch and activities for Aboriginal Elders who reside in the Cessnock and Maitland local government areas. To access these services, you need to call My Aged Care on 1800 200 422 for an assessment and referral. Ask them to speak to an Aboriginal Assessor.

Funded by NSW Government Family & Community Services, Ageing Disability & Home Care and Australian Government, Department of Social Services.
